### From the Principal ...

Dear Families,

Thank you all for your continued support and encouragement for what we are doing here at OLSH. This half year has gone by extremely quickly but I am so grateful for the support that both myself and our staff have received for the work we do. Working in partnership with parents is critical in helping all students fulfil their potential and become the young people they are capable of becoming.

I hope that everyone manages to enjoy some downtime over the next 2 weeks and that the change in routine offers you the chance to recharge the batteries and get ready for the second half of the year.

#### **TUTORING PROGRAM TERM 3 - WELCOME ELLIE!**

Following our two years of significant lockdowns, and therefore loss of learning for many students, in 2020 and 2021, the federal government has allocated each school 'Tutoring Money' to use as it sees fit to support all students in their learning progress. Next term, we have employed Ellie Hayes to take on this responsibility in our school. Ellie will work on a Tuesday and Friday with small groups of students and individuals right across the school to help give them a learning boost in whatever area that needs attending to. We envisage that over the second half of the year, most of our students will do some work with Ellie at some stage. Welcome Ellie!!

Have a great holiday everyone! Craig Simpson (Principal)

Myth: Most people seeking asylum arrive by boat. Fact: Most people seeking asylum arrive by air. Jesus, friend and brother, You know how it feels to leave your home and family, To carry nothing with you, to travel as a stranger. Help all refugees far from home, driven out by war and hunger. Lead them safely on. They are our sister and brothers. Inspire us to show our love and a true welcome. Amen.

Myth: It is illegal to be an asylum seeker. Fact: Everyone has the right to seek asylum if your life or freedom is threatened.

#### PENTECOST PHOTOMONTAGE – CALL FOR SUPPLIES

As part of the senior Religious Education program, the learners will be creating a "photomontage" based on the theme of "Pentecost" A photomontage is a process and the result of making a composite photograph by cutting, gluing, rearranging, and overlapping two or more photographs into a new image. Instead of using photographs, we will use images from magazines, newspapers, and old books. Please collect as many items as possible over the holidays to start straight away next term. Five pieces of art will be chosen for the "MacKillop Exhibition" at the end of the year. Happy searching! - *Ms. Nihill and Mrs. Portwine* 

# LEARNERS OF THE WEEK

Congratulations to Ellsie, Jack, Dawn, Axel, Hamzah & Reno (absent) for being named our Learners of the Week!

#### THE RESILIENCE PROJECT PARENT & CARER HUB

In the final part of <u>The Resilience Project's</u> digital series, Hugh shares an important message about allowing our children to experience adversity.

The key to building resilience in our children is allowing them to experience failure, hardship, disappointment etc. As parents, we can be too quick to resolve our children's challenges which can deprive our children of enormous growth opportunities. These typically happen when we experience failure and uncertainty. As parents we should be there for our children when they fail, but not fight their battles for the m.

You can re-watch the videos and access activities and resources anytime via the <u>Parent & Carer Hub</u>.
